WORK EXPERIENCE

Senior Full Stack Developer
Crowdbotics

10/2018 - 11/2020   *Berkeley, California, United States*

Achievements/Tasks

- Employed mastery of front-end languages (JavaScript, CSS, HTML5, React, React Native, Vue) in collaboration with web designers to create user-oriented visuals and features, increasing site traffic by 2,000 visitors per month.
- Developed over 3 large websites and 3 apps.
- Managed a team of 3 freelancer web developers and designers, trained and educated other web developers; measured the performance of the team.

Senior Web Developer
3TECH Engineering Limited

06/2011 - 08/2015   *Hong Kong SAR*

Achievements/Tasks

- Planned, developed, tested, deployed, and maintained web applications.
- Provided effective troubleshooting and remediation for web applications.
- Worked well independently and within a team setting.
- Effectively translated client requirements into application designs and systems requirements.
- Followed policies and procedures related to application methods and quality standards at all times.

Junior Web Developer
e-Perfect IT Limited

06/2011 - 08/2015   *Hong Kong SAR*

Achievements/Tasks

- Worked as a productive and positive team member to design, code, test, report, and debug operations.
- Managed front-end and back-end development in the company's Portfolio Analyst, Employee Track, and Account Management systems.
- Successfully identified, diagnosed and fixed website problems, including broken links, typographical errors, and formatting issues.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images and layout.
